HEALTH

The Sleep Mat

- Paired with the Essentials Hub, all data will feed our ML algorithm to help better identify fall risk and health risk. It tracks changes in, in/out of bed, heart rate, breathing disturbances/snoring, sleep interruptions, an overall sleep score/quality, and changes in patterns, etc.

Rent \$20.00/month

2 Entry Sensors

- Detects when connection between two surfaces, like doors, cabinets or windows, has been opened.

Rent \$8.00/month

2 Motion Sensors

- Monitor in-home motion without cameras. The Care Team will receive in-app notice of pattern changes such as increases or decreases in movement, and changes in sleep patterns.

Rent \$8.00/month
